SUBJECT: XXVIth World Road Congress, 2019

Dear Colleague,

The venue of the XXVIth World Road Congress to be held in 2019 is to be decided by the Council at its next meeting in Santiago de Chile (Chile), on 5-6 November 2014.

You will find enclosed a brief containing the terms of reference, the proposed allocation of tasks between the Association and the host country, the content of the tender and the method of submission of candidacies to the PIARC Council.

Should your country wish to organize the XXVIth World Road Congress in 2019, the tender must be received by the PIARC General Secretariat before

at the latest. This will allow us sufficient time to review the tenders and inform the members of the Council in due course.

I thank you for your attention in this important matter and for your support. Should you need any additional information, please do not hesitate to contact the Secretary General, Jean-François Corté.

Yours sincerely,

Oscar de Buen
