

## Appendix 10

### **Guidelines for Posters (Individual Papers)**

Posters of accepted individual papers

PIARC General Secretariat will offer all the authors of accepted papers the opportunity to present a poster during the congress. A space is made available for each author at least half a day. The authors have the right to present more than one poster.

Size of space: 100 cm high, 70 cm wide (to be confirmed). There will be no specific requirements for the presentation of the posters. The authors are responsible for setting up and dismantling of their posters on the boards.

The posters should be drafted in at least one of the three languages of the Congress: English, French or Spanish. Commercial references are tolerated only if they are absolutely essential to the understanding of the text. References of a political nature are forbidden.

Authors who wish to present posters should contact PIARC General Secretariat **by 31 July 2011**.

PIARC General Secretariat will notify authors of necessary information about the date and location of the poster.
