## First Announcement

# International Seminar on Strategic Planning and Performance Monitoring of Road and Transport Administrations

Kyiv, Ukraine

Monday 22 – Tuesday 23 October 2018

Technical Visit on Friday 26 October 2018

Organised in cooperation with:  
**World Road Association (PIARC)**  
**Ministry of Infrastructure of Ukraine**  
**Kyiv City Administration**  
**CoST – Infrastructure Sector Transparency Initiative**

## **SEMINAR OVERVIEW**

The World Road Association (PIARC) in conjunction with the Ministry of Infrastructure of Ukraine, Kyiv City Administration, and CoST – Ukraine, are pleased to announce an International Seminar on Strategic Planning and Performance Monitoring of Road Transport Administrations.

PIARC Technical Committee A.1 – Performance of Transport Administrations – extends a sincere invitation to you to participate in the upcoming seminar. The primary objective of the seminar is to exchange information on strategic planning, performance management and the establishment of tools to measure the performance of transport (road) administrations on national and city level and best practice for good governance.

The Seminar is open to members of World Road Association (PIARC) who are interested in gaining and sharing knowledge on strategic planning, performance management, impact of disruptive technologies in the urban environment, winter maintenance operations, as well as best practices in governance of transport administrations.

## **SEMINAR TOPICS**

The seminar provides an opportunity for speakers to address both technical and management issues broadly based around but not limited to the following:

- Strategic planning in a road sector
- Performance management tools
- Transparency and Integrity in the road sector
- Winter maintenance for the city conditions
- Challenges of effective management of disruptive technologies
