27 - 28 March, 2017
Mexico City

Centro Banamex
Previous to the Logistic Summit & Expo 2017

Seminar Organized By PIARC’S Technical Committee B4 (TCB4) “Freight”

SECOND ANNOUNCEMENT
Organized In Cooperation with AMIVTAC and SCT:
International Seminar & Expo, Mexico City  
27-28 March, 2017

“Logistics and Roads: The First Reunion”  
(Previous to the Logistic Summit & Expo 2017 - 29-30/March/2017)

Venue  
Centro Banamex, Mexico City  
http://www.centrobanamex.com.mx

Organized in cooperation by  
AMIVTAC; DIRCAIBEA;  
Mexican Logistics & Supply Chain Association;  
Logistics Summit & Expo 2017  
As well as other relevant organizations

Presentation

The Technical Committee B4 “Freight Transport” (TCB4), of the World Road Association (PIARC) is organizing a 2-day international seminar about its working issues:

- Public policies in logistics.
- Transport Management.
- Energy Efficiency.

The objective of this international seminar is to provoke something apparently no oftenly seen: have logisticians gather together with relevant road actors, and vice versa, to interchange knowledge and experiences in order to develop and enrich a common view on TCB4 above working issues.

60% or more of the logistics in Mexico occur over the roads, however, logisticians rarely communicate with road administrations, concessionaires, operators, etc. In contrast, mexican logisticians have easy daily access and contact to their counterparts in the other infrastructure modes: seaports, airports, railroads.

Is this the same for the rest of the world? Regarding the share of logistics participating over the roads, for sure it is. So... Should something be done about it? Is joining these two industries, relevant to better address the issues above? TCB4 believes so.
Second Announcement / Call for presentations

A call for presentations is open until February the 28th, 2017. Authors are invited to submit an abstract of 400 to 500 words (in English only) addressing one or more of the topics listed below, regarding TCB4 working issues, and exposing possible areas of collaboration -or lack of it- among logisticians and roads, with clear objectives, a short description of the methodology or the scientific or business approach, an overview of the results and relevant conclusions.

The abstract can report a scientific work, a user-oriented work or some case study illustrating the challenges of the 6 topics.

The abstracts will be reviewed by some TC B4 members and the authors of selected abstracts will have the opportunity to deliver a 15 to 20 minute presentation, in a session of the seminar. They will be invited to deliver their presentation, and if wished (not mandatory) a paper (5 to 10 pages) to be published in the e-proceedings. The best papers will be submitted to PIARC’s journal, Routes/Roads.

The sooner the submission the better: the abstracts will be reviewed as soon as submitted, and if accepted, the authors will be notified. The call may be closed before the deadline if enough good abstracts are received.
Topics of interest for TCB4

• Digitalization of transport:
  ✓ Freight / Logistics Policy
  ✓ Truck Management
• Electrification:
  ✓ Energy efficiency
• Automation (Platooning, etc.):
  ✓ Truck Management
• Truck parking (information, management, infrastr.):
  ✓ Truck Management
• ITS Solutions (including Big Data):
  ✓ Freight / Logistics Policy
  ✓ Truck Management
  ✓ Energy efficiency
• Weight and dimensions (including aerodynamics):
  ✓ Freight / Logistics Policy
• Financing
  ✓ Freight / Logistics Policy
  ✓ Truck Management
• PPP´s
  ✓ Freight / Logistics Policy
• Alternative Fuel Corridors:
  ✓ Freight / Logistics Policy
  ✓ Energy efficiency

Rules
Authors who submit accepted abstracts, scheduled for an oral presentation, must register for the seminar within 2 weeks of notification, at least during the 2 days (27-28 March). You will be exempted of the registration fee (early booking fee even after the deadline). Meals are included in the registration fee. A special reduced rate applies for accommodation at official hotels.

Submission of abstracts: martin.ruesch@rapp.ch; csantillan@ciao.com.mx

STILL RECEIVING ABSTRACTS!!
Technical Visit

Technical visit to observe the supply and distribution processes

08:30 - Departure WTC, Crown Plaza Hotel.
09:30 - Visit Terminal Intermodal Toluca.
