SWEDISH TRANSPORT ADMINISTRATION

# VISION ZERO ACADEMY

Vision Zero  
International course  
**12-16 SEPTEMBER 2022**

Sweden is one of the world's leading countries in the development of traffic safety with the goal of reducing the number of fatalities and serious injuries in road traffic. Vision Zero is the basis for all road traffic safety work in Sweden.

In 1997, the Swedish Parliament adopted a 'vision zero' goal for road traffic, with the long-term goal that no one would be killed or seriously injured within the road transport system. Vision Zero is an ethical approach, but also constitutes the strategy of forming a safe road transport system. Vision Zero has led to major changes in both working methods and interventions, which will be presented in this course.

## TARGET AUDIENCE

The course is targeted for a broad audience, as we welcome everyone who works in practice with traffic safety issues in various agencies such as government authorities, industry, municipalities, NGOs and academia. It is also highly relevant for experts within UN authorities, development banks, and other international organisations.

## GOALS OF THE COURSE

After the course the participants will have gained a deep understanding of Vision Zero as a policy innovation and how it can affect working methods, as well as how a safe road transport system can be created. Participants will also receive a platform for the understanding of how to continue the work with road safety issues in their respective countries.

## COURSE INFORMATION

For the fourth time we will now offer the Vision Zero International course in Gothenburg on September 12th to 16th 2022. During the course, interesting lectures will be mixed with study visits to clearly exemplify the Swedish model. At the end of the course the participants will receive a diploma as proof of participation.

## COURSE CONTENT

*Monday September 12<sup>th</sup>*  
9.00 am to 4.30 pm

As part of Vision Zero Academy, Sweden is now offering Vision Zero International course for the fourth time! The organizer is the Swedish Transport Administration, in cooperation with several partners from both industry and research. All practical matters will be managed by the Swedish Transport Administration Education and Training Center.

## LECTURERS

The course lecturers will primarily be Swedish Transport Administration experts in their respective fields as well as guest lecturers from other authorities, municipalities, academies and industry. All the lectures and course material are in English.

## WHERE AND WHEN

The course will be held at the Elite Park Avenue Hotel, Kungsportsavenyn 36–38, in Gothenburg on September 12<sup>th</sup>–16<sup>th</sup>, 2022.

## PRICE

The course fee, which is non-profit, is 35.500 SEK per participant. The price includes a hotel room at the Elite Park Avenue Hotel from Sunday 11<sup>th</sup> of September to Saturday 17<sup>th</sup> of September. It also includes all documentation, breakfast, coffee in the morning and afternoon as well as lunch, Monday through Friday. Also included is a group dinner for all participants at the hotel on the evening of Wednesday September 14<sup>th</sup>.

## REGISTRATION

For more information and registration, please visit our website: [trafikverksskolan.se/visionzero](https://trafikverksskolan.se/visionzero)

” This has been the most valuable and useful course I have ever attended. MANY THANKS for arranging it.

” The overall course was amazingly full of great content and insights. The time was too short for each lecture but that is evidence of how excellent the lecturers were.

” The coordination among the different stakeholders is amazing and I am sure most of us, the participants have learned a lot not only from the content of the discussions but also from the way the course was coordinated.

*Testimonies from Vision Zero International course previous years.*
