RAPPORT DÉTAILLÉ SUR DES POINTS CULMINANTS
DETAILED REPORT ON HIGHLIGHTS

TC C.3 International Workshop had been prepared as below. However it was cancelled due to the earthquake.

The World Road Association (PIARC) organizes a Technical Committee (C.3) specializing in managing operational risk in road operations. In the western countries, risk management technique is widely applied to road operations and related activities, and it is also expected to be useful technique in Japan. PIARC Technical Committee C.3 and the Japan Road Association (JRA) host an international workshop to share the latest information on risk management techniques for roads, in conjunction with a meeting of C.3 in Japan. Every engineers and practitioners interested in this topic are welcome to join the workshop.
