Autres choses**Other business**

The president of the Austrian National Committee, Mr. Friedrich ZOTTER, served as a representative for the group of National Committees in the Executive Committee of PIARC during the period 2004 – 2008. He will also be a candidate for the next period 2008 – 2012 for representation of the NCs issues in the ExCom.

Les activités liées au centenaire de l'AIPCR 1909 – 2009**Activities related to the centenary of PIARC 1909 – 2009**

At the occasion of the 7th ASTRAD Symposium 2009 (22 – 23 April 2009), the Austrian Winter Road Congress with Technical Sessions and Exhibition PIARC and its centenary was promoted. Also at the General Assembly the centenary and related activities of PIARC were presented.

RAPPORT DÉTAILLÉ SUR DES POINTS CULMINANTS**DETAILED REPORT ON HIGHLIGHTS****7th ASTRAD Symposium 2009, the Austrian Winter Road Congress**

For the 7th time the ASTRAD-Symposium on Road Management and Winter Maintenance took place on **22nd and 23rd April 2009** in Wels, Austria. Over 130 exhibitors welcomed more than 1.500 professionals from the road management and road maintenance sector at this biennial Austrian “Winter Road Congress”.

The latest developments in equipment and technology for road operation and winter maintenance were presented at several technical sessions and in an exhibition area of 18.500 sqm total indoor and outdoor at free admission for registered visitors.

Also the PIARC centenary has been presented at the technical session as well as intensive promotion during the session and within the exhibition area was conducted.

The Symposium serves as primary forum orientated on operational level, where the industry und manufacturers meet the users of their appliances und applications. Research and development present their latest equipment, while users such as “road masters” and representatives from municipalities, provinces and local authorities can express their demands und wishes for the future. In the last years interest and popularity of the event has been growing steadily, and today even international participation is being achieved despite the forums orientation on the national level.

The Austrian National Committee and its president Mr. Zotter is especially responsible for organizing the Technical Sessions at the Symposium.
