Organisation et structure

Organisation and structure

In early 2012 a Memorandum of Understanding was entered into between Austroads and the World Road Association for Austroads to be recognised as the Association's national committee for Australia and New Zealand. Austroads is the association of road and transport agencies in Australia and New Zealand. The Austroads Board comprises the chief executives or their delegates of the Australian and New Zealand road agencies. Prior to the MoU, Austroads provided the secretariat for the Australian and New Zealand National Committee of the World Road Association, a separate entity. The new arrangements streamline the operation and reduce administrative effort.
