**2. Conférences, séminaires,
réunions des CT en 2012****2. Conferences, Seminars, TC
meetings in 2012****Organisation des CN:
nationale/internationale****Organisation by NCs:
national/international**

The symposium “New technologies and materials used in constructing and maintaining roads and bridges”, the IXth edition, Cluj-Napoca, 24-25 May 2012.

Some interesting works were presented, among which the following need to be mentioned: “Ten ways to reduce cost of infrastructure projects”; “Study on European strategies on the urban noise issue” ; “Synthetic aggregates vs. quarry aggregates used in thin bituminous layers” ; “Laboratory research regarding bituminous mixtures of Warm Mix type”, etc.

The papers which were presented were also recorded on magnetic tape for future printing in a volume.

Travail conjoint avec d'autres organisations nationales	Joint organisation with other national institutions
<p>1. On July 5th, 2012 the scientific symposium C.A.R. Road research and administration was held in Bucharest, organized by A.P.D.P. together with the Technical University of Civil Engineering in Bucharest, The Faculty of Railways, Roads and Bridges.</p> <p>The symposium sections were:</p> <ol style="list-style-type: none"> 1. Research in the road field, with the following themes: <ul style="list-style-type: none"> - Laboratory and field investigation of the quality of road materials - Researches in the field of transportation infrastructure - New technologies used in the field of roads - Assessment and certification in the field of roads - Monitoring the operation behavior of roads - Administration and management of road works 2. Traffic safety, with the following themes: <ul style="list-style-type: none"> - Policies to increase traffic safety on the road network - Traffic safety in the urban area - Technical solutions to increase traffic safety, applied in road projects - Interdisciplinary collaborations regarding traffic safety. <p>The purpose of the symposium was to organize debates that make the connection between research themes, in-field and laboratory road material quality investigation methods, traffic safety issues and management of the activity in the infrastructure of road transportation based on strategies and efficient budget allocations.</p> <p>2. On 4-5 October 2012, the national conference "Strategy and achievements to create the highways network in Romania" will be held in Timisoara, organized by the Banat Branch together with the Romanian Academy of Technical Sciences - Timisoara Branch, the Faculty of Civil Engineering Timisoara and the Regional Direction of Roads and Bridges. The event will be attended by well-known scientists, academics, professionals and managers across the country and from abroad.</p> <p>The conference themes are:</p> <ol style="list-style-type: none"> 1. Design of highway works 2. Advanced techniques for building highways 3. Efficient achievement of crossing structures 4. Highways impact on the environment 	

Travail conjoint avec d'autres CN	Joint organisation with other NC
-	

Réunions des CT	TC meetings
<ol style="list-style-type: none"> 1. Working meeting of TC 4.4 Earthworks and unpaved roads in Bucharest on 18-20 September 2012 2. Working meeting of CTERM in Timisoara on 10-11 October 2012.
