

ROAD EXPO MONGOLIA 2014

Under the big development task of constructing 4100 km of paved roads and 990 km of highway connecting the capital city with all provincial centers between the years 2013-2016 as it was proposed by the Renovation Government of Mongolia and with goal of materializing the above mentioned task in possible short time with highest quality introducing the modern progressive techniques and technology, enhanced equipment and machinery to Mongolian Road Sector and learn the international experiences we will organize "ROAD EXPO MONGOLIA 2014" on March 21-22, 2014 at Buyant-Ukhaa Sport's Palace for the second time.

It is the largest Exhibition and Conference in Mongolia, providing a platform for professionals from road administration, construction, maintenance, and urban and transport planning fields to gather and exchange views on a wide range of issues.

We expect participants to share issues in road traffic fields, technical issues in bridges and pavement, and anticipated future technologies, and to interact with other professionals in road transport field.

Organizers: Mongolian Road Association & Ministry of Roads and Transportation of Mongolia

Date: March 21 (Fri) – 22 (Sat), 2014
