

**PIARC International Seminar  
Monterrey, Nuevo León (Mexico)  
8-12 May 2006**

In the framework of their work programme, PIARC Technical Committee TC 2.1- Sustainable Development and Road Transport and TC 2.2-Interurban Roads and Integrated Interurban Transport have planned to organize a joint seminar.

The seminar will take place from 8 to 12 May 2006 with the following outline:

I. International seminar sessions	8-9 May
II. Working meetings for TC 2.1 and TC 2.2 only	10-11 May
III. Technical visit open to all participants	12 May

The seminar will feature joint sessions and parallel sessions covering the topics of both TCs.

The seminar aims at enabling a wide exchange of knowledge and experience among the countries attending on the following topics:

- A. Technical Committee TC 2.1-Sustainable Development and Road Transport
  - meaning of 'sustainable roads',
  - corporate social responsibility,
  - funding measures to mitigate environmental impact ; what are the obstacles to goal achievement,
  - environmental impact mitigation in road transport.
  
- B. Technical Committee TC 2.2 Interurban Roads and Integrated Interurban Transport :
  - Managing access to interurban roads,
  - Road operations management,
  - Intermodal transport,
  - Cross-border transport.
